

Streets Run Bridge Closing...

We have been informed that PennDot is preparing to replace the bridge and culvert that intersects Streets Run Road near Prospect Road. This work is scheduled to begin on June 28th and last through November of this year. Below we have listed two alternate routes to our 4777 Streets Run Road location.

Alternate One: From Route 51, proceed to Brownsville Road; take Sankey Avenue and make a right turn onto Churchview Road; follow to stop sign and make a right turn to Willett Road; follow Willett to 2nd stop sign and bear right at Schuette Road; make left off Schuette to Streets Run Road. (We are 1/2 mile from that intersection on the left hand side)

Alternate Two: From Route 885 North follow to Mifflin Road ("T" Intersection); make left turn and go thru next light to 1st exit sign; at stop sign make left at Baldwin Road (road becomes Streets Run Road); we are 9/10 of a mile on the right from the Ramp Street exit.

If you have any questions on these directions, please call us at 412-881-1484.
